

Red River Valley Veterans Concert Band Membership Application

Thank you for your interest in becoming a member of the Red River Valley Veterans Concert Band. Your membership application will be reviewed by the band directors, the board of directors, and the section leader of the instrument(s) you play.

Band membership is based on the needs of the band, as well as the musical experience applicants might bring to the band. Musicians interested in joining the band may submit an application at any time, but are encouraged to do so prior to the start of our concert season. The RRVVCB practices or performs in concert every Thursday night from September 1st thru May 31st.

If the band determines your membership would be beneficial to our group, an invitation will be extended to participate in several rehearsals to consider your skill levels and personality fit with the band. A decision will be made by the board and directors following this evaluation period.

You can complete the membership application on-line, or download the fillable PDF version and email it to info@rrvvcb.org. Please be sure to fully complete the application and include whatever information you believe would best represent your reason for desiring membership in the band and the musical talent you might bring to the band.

If you have any questions, please send them via email to info@rrvvcb.org.
